Salmon River Rafting Company attempts to provide a variety of soft drinks, fruit juices, and domestic beer for participants on Salmon River excursions. Our purchases are largely dependent upon the selections available in the town of Salmon prior to each trip and their availability in metal or plastic containers. (We try to avoid glass and plastic containers if possible.) Presented below is a list of beverages usually available. Please indicate your preferences by checking appropriate boxes (multiple selections are appropriate). **Potable water is always available in ample quantities.**
